

Update 10.03.2020

Following consultation with Coillte and the National Parks & Wildlife Service, Limerick Motor Club are unable to reschedule the Limerick Forest Rally on the proposed date of 19th April 2020. This is due to wildlife protection. Having exhausted all avenues to date, we have been unable to find a viable solution. However, we will continue working on finding a solution to give our valued competitors a chance to compete on our fantastic stages despite the substantial financial loss incurred by the club. Competitors will be refunded their entry fees as soon as possible.

Once again, Limerick Motor Club would like to thank competitors, marshals, stage commanders, timekeepers, officials, stage set up crews, rescue crews, our sponsors, media, support crews and the community of Abbeyfeale and surrounding areas.

Alan Noonan
Press Officer
Limerick Forest Rally 2020
